

JOE WEST'S VERSION OF LYNCHING

SON OF ONE OF MOB'S VICTIMS TELLS OF BOBBITT FEUD.

CLAIMS FATHER WAS VICTIM OF PERSECUTION

Says There Were Only 10 men in Mob Instead of 200 as Reported.

The above head lines in counterpart and in replica also the following article in exact reproduction are republished from the Guthrie State Leader.

While evidently there are several gross inaccuracies as relates to the truth in this purported interview of Canadian City Press correspondent with Joe West, son of Jesse West, there is as well an element of suggestion and information included therein which may assist in a measure in clarifying the minds of many thoughtful citizens of Pontotoc County in the consideration of late tragic events here around, reminding the public that late occurrences in this county are distinctly epochal in our history, it is asserted that though it be an ordeal to continue to afford press reference to the late Pontotoc county affair, there should be no shirking in entire willingness to become informed as to the nature and extent of our state metropolitan press reports regarding local occurrences affecting us in such magnitude. Special to Daily Leader.

At Guthrie.
Canadian, Tex., May 1.—Joe West, aged 25, son of Jesse West, the victim of the mob at Ada, Okla., in an interview with a newspaper representative at Canadian said:

My father and Bobbitt were particular friends, some 10 or 12 years ago and so continued until the occasion of the killing of my brother, near Ada, by a negro. On the day of his burial my father thought Mr. Bobbitt had participated in the theft of some of his cattle and afterwards accused him of the crime. This Bobbitt resented and afterwards championed the negro who had killed my brother.

Feud Lasted for Years.
The resulting feud last for years during which my father was continually persecuted by Mr. Bobbitt and his gang. He (Bobbitt) attempted to make up proof that a negro mysteriously shot had met his death at the hands of Jesse West.

Joe Allen was a life-long friend of Jesse West and they both lived in and around Ada where West ran "The Corners Saloon" in the early days. The quarrels with Bobbitt resulted in the exodus of both West and Allen from the Seminole nation, and they then took up their residence in Hemphill county, Texas.

Bobbitt Got the Saloon.
After their departure Bobbitt acquired the Corners saloon and engaged in business where my father had been. His place was the rendezvous of a notorious band of killers among whom was "Hook" Miller, who

had last one hand and most digits of the second, but his remaining fingers were active with a gun. During the year in which Bobbitt ran the saloon four men were murdered in and around The Corners by the Bobbitt clique, namely: John Coleman, owner of "The Corners"; Frank Allen, a cousin of Joe Allen, Ed Hendricks and Albert Stephenson, a negro. All escaped conviction for these killings.

During the past several years Bobbitt's gang has twice tried to kill Jesse West and Joe Allen. Once in Hemphill county they sent two men to do the work, but they were suspected and soon left the country. Again, in Ada, shortly before statehood, the gang caught my father and Allen in the town making a deed to some property. Guns were levelled upon Allen and West and they were only saved by the intervention of the impartial federal officers.

Will Not Return to Ada.

It is not my intention to go back to Ada, as I know the gang that murdered my father would give short shift to me. I know nothing about the killing of Bobbitt and my father's connection therewith, but fail to see anything in the press reports upon which to base any clear opinion, except that I think the law should have been allowed to take its course. There were only fifteen men in the mob, instead of 200, as reported. I believe, the officers stood in with the deal, as they have never yet reported the affair to Governor Haskell.

I now live and did at the time my father was lynched, only a short distance from Ada. I intend to sell all of my property there as soon as I can and come to Texas and assist my widowed mother any way I can. I believe I know the men who lynched my father and should the opportunity be offered me, shall never cease trying to bring them to justice, but I expect always to allow the law to take its course in the punishment of these men.—Guthrie Leader.

Notice.

We will begin delivering artesian water today. All parties wishing the use of this water will please phone 176 and water will be delivered to you. We will discontinue the monthly payment plan, as it is disagreeable, on account of so many different hacks, people, etc., coming to the well. So we will deliver water to one and all. Each consumer must furnish their own vessels. We think 5-gallon bottles or jugs are most practical. If you haven't one phone us your druggist and we will call and get it for you.

Thanking one and all for your future patronage, respectfully.

P. S.—To those that don't know I have purchased the Woodard well also.

Notice to Warrant Holders.

All parties holding warrants issued by the Board of Education of the City of Ada, Oklahoma, from registered number 427 to 628 inclusive, also registered numbers 406 to 426 are requested to deliver them to me for cancellation and payment out of refunding bond issue.

W. D. HAYS, Treasurer.

NOTICE.

All parties owing me will please call and settle at once as I am needing it badly. J. B. Chapman.

COURTS ACTION IS QUESTIONABLE

JUDGE MARSHALL DETERMINED TO KEEP MUSKOGEE TOWN LOT CASES IN COURT.

GRAND JURY IRREGULAR

Hinted in Washington That the Method of Drawing Grand Jury Is Irregular.

Washington, May 3.—The wide publicity which the department of justice is giving the fact that the town lot fraud cases in Oklahoma are to be reopened and a new grand jury summoned, indicates that the government proposes a campaign of publicity in this matter so far as not permitting the cases to drop is concerned.

And there may be method in this. It will be noted that the department instructs the district attorney to ask the court of the western district for a new grand jury. There is considerable doubt expressed here whether there is any law under which the judge can summon a grand jury in conformity with the decision of Judge Marshall.

Chief Difficulty.

The difficulty lies in finding a provision of law now which will permit drawing a grand jury of sixteen men, as was the law in the old western district. The law now requires that 24 jurors shall be drawn. The attention of the attorney general was called to this difficulty by a number of lawyers who were consulted in the matter, and this was one of the reasons for the delay of the department in deciding what course to pursue. The district attorney, unlike the court, is under the direct jurisdiction of the department of justice. So it is up to the judge to determine whether a new grand jury can be drawn for considering the Haskell cases.

Failure Welcomed.

It was stated today by a man in close touch with the department that the course of the attorney general should not have been unexpected, as there was nothing else he could do under the circumstances and that it is up to the courts to determine whether a grand jury can or shall be summoned for the purpose indicated. It is openly hinted here that the department would not be seriously disappointed should the Oklahoma judge fail to find a legal way to summon a grand jury as that would relieve the department of any further responsibility or embarrassment in the matter.

Jury Commissioner Middleton and United States Clerk Harrison today drew a venire of sixteen jurymen from the old western district of Indian Territory to rehear the evidence in the alleged Muskogee town lot conspiracy cases, in which indictments against Governor Haskell and six other Muskogee citizens were recently quashed at Tulsa.

The jury which has been ordered to report at Tulsa May 10, is constituted as follows: L. Impson, Citra; Robert Hinton, Pryor Creek; I. N. Bunch, Blue Jacket; C. W. Hardwick, Calvin; Jim Barnes, Calvin; F. P. Smith, Southwest City; Harry Wallace, Calvin; C. C. Bennet, Calvin; G. N. Harvey, Calvin; J. H. M. Holmes, Lenepah; J. L. Rose, Stigler; Jim McCoy, Baron; J. J. Burton, Ada; J. P. Campbell, Kopen; W. J. Aylock, Raydon; Monroe Roan, Raydon; H. T. Knight, Vinita; Elmer Fults, Pryor Creek; Charles Hawkins, Pryor Creek; Jesse Wilke, Westville; John P. Thompson, Tahlequah; John Bate-man, Waltham; Ernest Williams, Southwest City; T. J. Welch, Westville; T. S. Seef, Hugo; C. S. Sutherland, Lewis; T. T. Rogers, Southwest City and A. S. Burney, Burneyville.

TEXT OF BILL FOR CAPITAL LOCATION

ACTION PROPOSED WILL INVOLVE INITIATIVE AND REFERENDUM LAW.

BILL DRAFTED BY LEDBETTER

Oklahoma City, Shawnee and Guthrie Are Candidates Already. Open to Others.

Report was made in these columns yesterday of the new bill which was drafted in Oklahoma City last week and which is being circulated for signatures under the initiative and referendum provision of our constitution. Two petitions are being circulated, the first seeking to amend the constitution by authorizing the location of the capital prior to 1913 and the second to determine the location.

This bill was drafted by W. A. Ledbetter, of Ardmore, and approved by the Oklahoma City Chamber of Commerce. To initiate an amendment to the constitution 15 per cent of the votes cast for president in 1908, or 38,317 signatures are necessary, while for the second, a proposed law, only 8 per cent or 20,337 are required.

Following is the complete text of the proposed bill:

Section 1. That the permanent location of the capital of the state of Oklahoma shall be selected, located and determined as herein provided.

Under the legislative power reserved to the people of the state in the constitution, to propose laws and to enact or reject the same at the polls, independent of the legislature, an election shall be held for the purpose of determining the permanent location of the capital of this state on the first Tuesday succeeding the first Monday of November, 1910, being the 8th day of said month, or at the next election held throughout the state or at any special election which the governor of the state may call for such purpose, at which the question of the permanent location of the capital of this state may be submitted to and determined by the qualified electors of the state.

Sec. 2. The city, town or place which shall receive a majority or a plurality of the votes cast at any such election as herein provided, or at the final election hereinafter provided for, shall be and remain the permanent capital of the state of Oklahoma.

The selection of any city, town or place as the permanent capital of the state as herein provided shall be construed to mean that the necessary land for capital purposes and for all the buildings and institutions which the state may establish thereon and to create the special fund herein provided for, may be procured for and on behalf of the state in the manner hereinafter set forth, and that such land may be definitely located within or at a distance of not exceeding five miles from such capital city town or place, as may be determined by the State Capitol Commission, created by this act.

Section 3. Oklahoma City, Shawnee and Guthrie are hereby declared to be candidates for the permanent location of the capital of this state, and shall be voted for at the election or elections herein provided for, and their names shall be placed upon the ballots voted and used at such election or elections.

Any other city, town or place may become and shall be deemed a candidate to be selected as the permanent capital and voted for at such election or elections, if within thirty days after this bill and the petitions accompanying same shall be offered to the secretary of state, to be filed therein, five thousand qualified electors of the state shall file with the secretary of state, a petition or petitions requesting that the name of such city or town or the description of such place, be placed upon the ballots to be voted for therein.

Sec. 4. If this act shall be adopted and become a law, but no city, town or place shall receive a majority of all votes cast at the election at which this act shall be voted upon then all such cities, towns or places

SERVING REPUBLICAN PRESS.

However the actual sentiment of the people of Pontotoc county regarding the act of the deed of the Ada lynching, it is an undoubted fact that the most fulsome appreciation is extended that portion of the state and metropolitan press which has afforded a character of comment protective to the reputation of this community and county as regards the devotion of its people in the preservation of life of its citizens while employed in peaceful and honorable pursuits.

The News has employed zest in reproducing through its columns those friendly comments, but it has become pretty patent that the state republican press bureau has become pretty active in using the Ada lynching affair as a means of reflection on the state administration through organized castigation of the Governor and State Pardon Board for certain pardons lately granted.

The News frankly admits that it hates to be a kind of a forced tool in the hands of republican press bureau and further states that it has confidence in the judgment of the Governor as refers to his policy of extending executive clemency in certain cases, but still there is an attraction in the editorial hereunder reproduced from the Tulsa World:

"In face of the action of the governor in pardoning the notorious George Moran, and the action of the pardoning board in asking a pardon for the she murderer and the bartender murderer, it would be not only a travesty of justice, to punish any man connected with the Ada lynching but it's almost a crime to seek their prosecution. The Ada mob did more for society and the cause of justice than did the pardon board or the governor in the cases referred to. Let an outraged people realize the enormity of the offense being committed by the officers of the law in the name of justice. Just now the cases may be considered in an impersonal manner but tomorrow the murder may fall in your home; the assassin fire through your windows; the sneak-thief lay tribute on your resources. Let the press of Oklahoma, in the name of Oklahoma and her future, forget partisanship for the once, and, acting in harmony and unison, demand that this glazing of crime by the officials of society cease and cease quick. The situation is becoming appalling."—Tulsa World.

25,000 CLUB

Elects Officers—Wants City to Go After Artesian Water.

The 25,000 Club in partial manner effected reorganization last night. There was a general and extended discussion relating to the better method of proceeding with the reorganization of the Club as had been advertised by its executive officers.

This meeting was at the time of the conclusion of the second year of the club's life and President Lucas announced that it was proper and in order to elect officers for the ensuing year. The following members received unanimous election: E. H. Lucas, president; Otis Weaver, vice president; S. M. Torbett, treasurer; and Tom Hope, W. H. Ebey, A. L. Beck, W. C. Duncan, J. T. Conn and Dr. Ligon, board of directors.

The selection of secretary was deferred and on motion, the board of directors were requested to select such officer.

A motion carried that new members be admitted without initiation fee and on payment of \$1.00 per month dues.

Col. George Thompson made some interesting observations on the propriety of the city going after artesian water rather than the city council, the membership of which was present were requested to float a \$20,000 bond proposition for such purpose.

TEXT OF BILL FOR CAPITAL LOCATION.

(Continued from Page One.)

which were candidates for the location of the capital, except the two receiving the highest number of votes shall not be eligible to become candidates at the final election herein provided for.

If within twenty days after the result of said first election shall have been ascertained as provided by law, the city, town or place which received next to the highest number of votes at said election shall cause to be filed with the governor a petition or petitions signed by five thousand qualified electors, verified by oath, and in substantially the same form as the first petitions herein provided for, requesting that a final election be called to locate the permanent capital of the state, it shall be the duty of the governor and he is hereby directed to issue his proclamation calling a final election not later than 90 days from and after the date on which the first election was held, to locate the capital, which said final election shall be conducted under the general election laws of the state, and each and all election officers in the state shall perform the same duties at said final election as they are required to perform at the general elections, and the returns thereof shall be made in the same manner as required by the general election laws of the state; provided, that no such final election shall be called unless the city, town or place receiving next to the highest number of votes cast at said first election shall execute or cause to be executed a good and sufficient bond, payable to the state of Oklahoma, in the sum of \$100,000 to be prepared by the attorney general and approved by the governor, conditioned for the payment of the expenses of said final election within 60 days after the same shall be held, in case such city, town or place shall not be selected as the permanent capital of the state. Provided, further, that if said petition shall not be filed and said bond shall not be executed by or on behalf of such city, town or place, within the time herein provided, then it shall thereupon become the duty of the governor to issue his proclamation reciting and proclaiming the result of said first election to be that the city, town or place which received the highest number of votes cast at said first election was selected as the permanent capital of the state of Oklahoma.

Sec. 5. A commission to be known as the State Capital Commission is hereby created. Said Commission shall be composed of three qualified electors to be appointed by the governor within 30 days after the capital shall be located, as herein provided, but not more than two of them shall be of the same political party. Each of the members of said commission shall subscribe the oath required by law of other state officers, and shall execute bond to be approved by the governor, in the sum of \$50,000 conditioned for the faithful performance of the duties imposed upon them by law, and each of them shall be paid a salary of \$4,000 per annum. The term of office of said commissioners shall be two years, and said commission shall terminate at the expiration of two years from and after the first day of January, 1911, unless it shall be continued by act of the legislature.

As soon as practicable after their appointment and qualification they shall organize by electing one of their number chairman. A majority of the members shall constitute a quorum to do business and perform the duties and exercise the powers conferred on the commission. Said commission is hereby constituted a body corporate, and shall have the power to sue or be sued, and to defend or be defended, in any and all actions or proceedings in any way affecting its powers or duties. Said commission shall have power to definitely locate and procure for and on behalf of the state, the title to all land necessary for capital purposes, and for all buildings and institutions which

the state may establish thereon and to create the special fund herein provided for, not to exceed two thousand acres; said land to be located within or at a distance of not more than five miles from the city, town or place selected as the permanent capital of the state.

If said commission shall be unable to agree with the owners, occupants or lessees of any land selected by it for capital purposes, it shall have the authority to exercise the power of eminent domain and to institute, and to prosecute to final determination, proceedings for the condemnation of such land as provided in the act of the legislature, approved May 20, 1908, entitled: An act amending section 28 of article 19 of chapter 17 of the statutes of Oklahoma of 1903, regulating the method of procedure in the condemnation of private property for both public and private use.

The fee simple title to all land condemned for and on behalf of the state as herein provided shall vest in the state and the owner thereof shall receive compensation for such fee simple title.

If said state capital commission shall select any land for capital purposes belonging to the state, said state capital commission and the school land commissioners of the state shall be and are hereby authorized and empowered to appraise the value of the land as well as the value of any improvements, claim, right, lease or preference right to lease the same, held by any person pursuant to the constitution and laws of the state or any act of congress.

The value of such improvements, claims, right or lease and such land shall be appraised separately. The appraised value of the land shall be paid by said capital commission into the state treasury, out of the money hereby appropriated or out of the special fund hereinafter created, and held by the state in trust to be devoted, and appropriated for the purpose for which said land may have been appropriated, as may be provided by law and the appraised value of such improvements, claim, right or lease shall be paid over to the owner thereof.

Sec. 6. When said land shall have been procured and the fee simple title thereto vested in the state for capital purposes, as herein provided, it shall be the duty of the state capital commission to set apart a portion of said land as the site for the capitol of the state, and for such other buildings or institutions as the state may probably locate thereon; and to survey and plat the remainder of said land into parks, squares, blocks, lots, streets and alleys, and to make in duplicate an accurate map thereof, to be approved by the governor, and file one of said maps in the office of the register of deeds in the county where said land is located, and keep the other for the use of the commission in its records, said maps shall be executed by said commission in the same manner maps and plats of lands are required by law to be executed for townsite purposes, and said map shall have the same effect as is given by law to maps and plats when executed and filed for townsite purposes.

Said commission shall have power to employ a competent engineer and architect to procure all help and assistance, legal, clerical and otherwise, necessary to facilitate the proper discharge of its duties, and to fix the compensation therefor.

It shall be the duty of said commission, as soon as practicable, to procure such information as, in its judgment, will be useful in determining what would be a suitable capitol for the state of Oklahoma and to cause to be prepared plans and specifications for the same, and make estimates or receive bids for the cost of the construction thereof, and report the same, together with such information as it may have procured, with its recommendation, to the governor.

Said commission, with the approval of the governor, shall have power to make and enter into all necessary contracts and agreements for the construction of the capitol, but no such contract shall be binding on the state until approved by the legislature.

It shall be the duty of the governor to transmit the report of said commission, and any contract it may have made for the construction of the capitol, to the legislature as soon as practicable.

The capitol shall be constructed of marble, granite or other material quarried within the state of Oklahoma.

Sec. 7.—The state capital commission, with the approval of the governor, shall have power to make and publish rules and regulations governing the sale of all lots surveyed and platted for sale, and shall publish therein methods and terms of sale, and fix a minimum price at which said lots may be sold. Said commission shall have the general supervision and control of the sale of all of said lots, but the title to no

lot shall be vested in any purchaser thereof until the sale thereof has been approved by the governor.

All lots shall be conveyed by patent from the state, to be executed by the governor.

The proceeds of the sale of said lots shall constitute a special fund to be known as the state capitol fund, and shall be deposited in the state treasury. Said fund shall be used to pay the expenses of procuring the title to said land and platting mapping and selling the same, and for the purpose of constituting a state capitol, as may be hereafter provided by law.

The sum of \$600,000 is hereby appropriated and shall be immediately available out of any money in the state treasury not otherwise appropriated for the purpose of carrying the provisions of this act into effect.

The state shall be reimbursed for the amount of money hereby appropriated out of the special fund hereby created as may be hereafter provided by law.

BROWN BROS. OPEN WEEK ENGAGEMENT

CLOVERDALE, THE OPENING BILL BRINGS OUT APPRECIATIVE AUDIENCE.

Not Barn Stormers and Amateurs But Good Clean Players Who Know Their Business.

The entertainment at Brown Bros. tent last evening brought out a reasonably good sized audience, in view of the fact that the show is here for a week and this was the first night.

Their performances are all dramatic and they have scheduled a complete change of program every night for the week. The opening performance last evening entitled Cloverdale was a thrilling production and was frequently interrupted with applause from the audience.

The plot was laid at the country place of a well-to-do old farmer, who later became the victim of a loan shark and mortgage holder. The trials and humiliations inflicted upon the family appeared so real and true to nature that one would almost weep, only to soon mock himself with laughter at the wit and comedy.

The final financial triumph of the old man, the utter abasement of his persecutors and the consummation of happy climaxes throughout the whole cast made the closing scenes pathetic, yet satisfying and impressive.

The title of the bill tonight will be "Her Cowboy Visitor." It is possible that the title of this production is a little misleading, for the company announced that it was not a hilarious, wild west performance, but an elegant and refined comedy drama.

The News is disposed to be careful in its recommendations of shows, but price and merit considered this is undoubtedly the best of the kind making this territory.

KNIGHTS AND PYTHIAN SISTERS

Advance Guard of Two Grand Lodges Arriving at Chickasha for Annual Meeting.

Chickasha, Ok., May 3.—The advance guard of the Knights of Pythias and Pythian Sisters, the grand lodges of which will be in session here Tuesday and Wednesday, began to arrive this afternoon. It is expected that

fully 700 visitors will be here during the two days. Every lodge in the state will send a delegate and some of them two, besides those who will come as visitors. Chickasha avenue presents a brilliant scene. Large designs conveying the message of welcome are stretched across the avenue and most of the buildings are decorated with flags and bunting. At the Methodist church this evening an informal reception by the public was tendered to the visitors. A program of addresses and musical numbers was carried out. At convention hall tomorrow morning another public meeting will be held, addresses of welcome and responses constituting the larger part of the program.

NEW COUNCIL SWORN IN.

Newly Elected City Officials Assume Duties Today.

At the meeting of the city council last night the newly elected officials were sworn in and have assumed their respective duties. L. J. Little, the city's newly elected mayor resigned as alderman from the third ward and Mr. A. J. Shirley was elected by the council in his stead. Mr. Shirley is a strong and substantial citizen and will reflect credit upon the citizenship of the third ward.

Quite a number of citizens were at the council meeting but other than installation of officers no great deal of business was transacted.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by Catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free. F. J. Cheney & Co., Toledo, O.

At a regular meeting of the city council Monday evening May 3, the following members answered roll call Chapman, Sims, Hill, Hope, Little, Crowder, Evans, Sutton absent. Mr. Little president of the council presided.

Minutes of previous meetings were read and approved.

Upon a motion by Hill seconded by Hope the bond of H. H. Fitzgerald & Co. for the construction of sewerage system was approved.

Hope moved and Hill seconded that the bond of R. J. Ross for the construction of city hall be approved. Carried.

L. J. Little tendered his resignation as alderman from the third ward, which was accepted.

Hill moved and Hope seconded that all other business be dispensed with and the oath of office be administered to all officers elected April 27. Carried.

The oath prescribed by the state constitution was then administered to the following officials by Thos. P. Holt, a duly commissioned notary public:

L. J. Little, mayor; W. B. Jones, city clerk; Chas. A. Powers, police judge; Geo. W. Culver, chief of police; Orville Sneed, city treasurer; James E. Webb, city attorney; J. B. Gotcher, street commissioner and the following aldermen: 1st ward, S. E. Chapman; 2nd ward, Tom Hope and S. W. Hill; 3rd ward, Geo. V. West; 4th ward, L. J. Crowder.

Alderman West recommended A. J. Shirley to fill the vacancy in 3rd ward caused by the resignation of L. J. Little. Mr. Shirley was elected on a motion by Evans seconded by Crowder.

Hill moved and Chapman seconded that Mr. Sims be elected president of the council for the ensuing year. Carried.

Mayor Little announced the following committee assignments, the first named being chairman:

LIQUOR CASES STILL DEMAND ATTENTION

NEW DECISION HANDED DOWN BY JUSTICE DOYLE.

Says There Can Be no Change of Venue in Misdemeanor Cases.

Guthrie, Okla., May 3.—There can be no change of venue in the trial of liquor cases is the substance of an opinion by Justice Doyle handed down by the criminal court of appeals Saturday afternoon. He holds that there can be no change of venue for misdemeanor cases of the county court jurisdiction, and as liquor cases coming under this classification, the finding follows. The opinion affirmed the conviction of Walter Washington in Pushmataha county, where he was sentenced to 30 days and a \$100 fine for selling liquor.

Justice Doyle in reversing the conviction of C. H. Markinson from Comanche county, holds that in effect, "All Hail" is not a beer, but a substitute, according to the evidence. Justice Doyle holds that intoxicating liquors must intoxicate, and that beer must be beer, and not an imitation.

The conviction of Frank Weber of Creek county is also reversed by Justice Doyle because of error in instructions of the lower court.

Presiding Justice Furman reverses two Muskogee convictions for liquor cases. The conviction of Joe H. Lightle, sentenced to \$300 fine and 30 days in jail for selling liquor, is reversed on the grounds that the name of the purchaser must be given in an indictment for a single act of selling intoxicating liquors, or if name is not known, this fact must be alleged; and that liquors offered in evidence must be identified as having been in possession and having been unlawfully disposed of by the defendant. The conviction of Bud Burke, given \$50 and 30 days for selling liquor, was reversed also on the grounds that the name of the person must be alleged or fact stated otherwise; that it is error for the court to single out the defendant and instruct the jury on the credibility of his evidence.

Justice Baker denied a motion for a rehearing for Sabe Bennefield, under a ten-year sentence for killing Joe Boyd in McIntosh county before statehood.

OUR GUTHRIE CORRESPONDENT

Guthrie, May 3.—State Examiner and Inspector, Taylor, has just made public the report on the inspection of the Librarian. The inspector estimates that there are about 15,000 volumes. During his term, Librarian Dawes has sold \$7,800 of books outside of the 1908 statutes. By order of the board of directors, issued March 27th, there will be no more sales on open account, and all books ordered from the state librarian must be accompanied by cash. Owing to the fact that the library has been twice moved during the present year, the arrangement of books has been interfered with, but now that permanent quarters are secured, this can be righted.

According to the report of the State Inspector and Examiner, Taylor, the oil inspector of the state has not only done a good business; but has netted the state a neat sum. State Oil Inspector T. D. Kelly, has collected \$25,213.41. The cost of the department, including the salary of all deputies has been \$7,798.93 and the balance \$17,414.48 has been turned into the state treasury.

The session of the second annual convention of the Charities and Corrections held at Shawnee on the 29th and 30th of last month was in every way a success. The attendance was even more than was hoped for, and on the last evening of the session more than three hundred people were turned away from the opera house because all of the room had been taken. The work of Miss Kate Barnard, Commissioner of Charities and Corrections, was endorsed and arrangements made to hold the next meeting at Muskogee.

The proposition of State Bank Commissioner, A. M. Young, made to the National Bank Examiner to examine the National Banks holding state bank reserves by the state and national bank examiners at the same time appears to have met the approval of the national banking authorities. The National Bank Examiner has signified his willingness to conduct joint examinations.

LAXATIVE FOR WOMEN FREE

There is a great difference in the purposes to which a laxative should be put. Tablets and pills, salts, etc., are usually violent purgatives or cathartics, and altogether too powerful for the average person.

A woman at all times needs only a mild laxative—in fact, none other is needed by anyone, weak or strong, though they may be, for the object is simply to move the bowels, and if a gentle laxative will do it, what is the use of a violent one?

Dr. Caldwell's Syrup Pepsin has earned a well-deserved vogue among women and children and old folks—people who must necessarily be careful of what they take.

It is a liquid laxative tonic and admittedly the greatest stomach, liver and bowel remedy before the American people. The price is only 50 cents or \$1 a bottle, as it comes in both sizes and druggists sell it. Its pleasant taste and gentle action make it an ideal remedy for women in constipation, torpid liver, sour stomach, sick headache, heartburn, and such like digestive complaints. Its use for a short time will remove the trouble entirely so that further medication will be unnecessary. Its tonic properties build up the stomach and intestinal muscles so that they act naturally again. That this is so is the experience of many heads of families, like Mrs. Brannan, of Alvarado, Va., Mrs. K. L. Stout, of Louisville, Ky., and numerous others; in fact, way out in Williams, Cal., as Mrs. J. E. Blackmore, of that place, writes, the whole town seems to be using it.

If the remedy is new to you and you want to make a trial of it before buying, send your name to the doctor's address as below and a free test bottle will be sent you. Then, if results are satisfactory you can buy it of your druggist.

If there is anything about your ailment that you don't understand, or if you want any medical advice, write to the doctor, and he will answer you fully. There is no charge for this service. The address is Dr. W. B. Caldwell, 201 Caldwell bldg., Monticello, Ill.

Making Himself Solid.

"Step this way, ladies and gentlemen," exclaimed the lecturer in the dime museum, "and gaze upon one of the greatest wonders known to modern science—the ossized man, a human being, perfectly normal in every other respect, but who has turned to stone."

"How did he get that way?" came a voice from the awe-stricken throng.

"Love," replied the lecturer, lowering his voice, confidentially. "Love did it. He fell in love with a beautiful maiden, tried to make himself solid, and overdid it. We will now pass on to the—"

The announcement that the New York, New Haven & Hartford railroad will spend \$30,000,000 to electrify its lines in and about New York means another victory for electricity over steam. In urban traffic this means progress and a desire to remove all objections that can be made against smoke from locomotives in city limits. The cost is great, but the results attained are greatly to be desired.

Says the eloquent Baptist preacher, Dr. O. P. Gifford: Catholic Ireland and Protestant England live on separated islands. In Boston, Irishman jostled Englishman, and Catholic crowded Protestant. Contact destroyed prejudice. Each saw that the other was human, and seeking the divine. The open palm has taken the place of the clenched fist, both are citizens of a common republic. Ignorance is the parent of prejudice, knowledge of the truth frees.

The German parliament has now taken up seriously the question of ministerial responsibility to the country. This is putting it mildly, but it means that the remnant of "divine right" of rulers is to go. It has become patent to the intelligence of the twentieth century that any pretension to divine right must be accompanied by superhuman prudence and virtue. This accompaniment, up to date, has not been filed with the claim.

Uncle Sam's \$14,000,000 will not have been spent in vain if the next federal census settles the old dispute between the school census enumerators and the city directory as to the size of Chicago's population.

WHAT COLORS SHALL I USE?

This Question Is Important in Painting a House or Other Building.

A proper color scheme is extremely important in painting a house. It makes all the difference between a really attractive home and one at which you wouldn't take a second glance. And it makes a big difference in the price the property will bring on the market.

As to the exterior, a good deal depends upon the size and architecture of the house, and upon its surroundings. For a good interior effect you must consider the size of the rooms, the light, etc.

You can avoid disappointment by studying the books of color schemes for both exterior and interior painting, which can be had free by writing National Lead Company, 1902 Trinity Building, New York, and asking for Houseowner's Painting Outfit No. 49. The outfit also includes specifications, and a simple instrument for testing the purity of paint materials. Pure White Lead which will stand the test in this outfit will stand the weather test. National Lead Company's famous Dutch Boy Painter trademark on the keg is a guarantee of that kind of white lead.

LEWIS' "SINGLE BINDER."

A hand-made cigar fresh from the table, wrapped in foil, thus keeping fresh until smoked. A fresh cigar made of good tobacco is the ideal smoke. The old, well cured tobacco used are so rich in quality that many who formerly smoked 10c cigars now smoke Lewis' Single Binder Straight 5c. Lewis' Single Binder costs the dealer some more than other 5c cigars, but the higher price enables this factory to use extra quality tobacco. There are many imitations; don't be fooled. There is no substitute! Tell the dealer you want a Lewis' "Single Binder."

Awake to Danger of Tuberculosis.
 The number of state and local anti-tuberculosis societies in the United States has shown over 100 per cent. increase during the past year; the number of sanatoria and hospitals for tuberculosis, nearly 30 per cent. increase; and the number of special tuberculosis dispensaries and clinics, over 40 per cent. increase. The rate of increase in the number of workers is estimated at over 200 per cent., and the amounts given for tuberculosis relief have been doubled during the year. Thirty-three legislatures, out of 39 in session up to May 1, 1909, have been considering laws pertaining to the prevention or treatment of tuberculosis. In a large number of states legislation affecting this subject has already been enacted, and more laws will be passed before the close of the spring session.

Putting It Gently.

The sages of the general store were discussing the veracity of old Si Perkins when Uncle Bill Abbott ambled in.

"What do you think about it, Uncle Bill?" they asked him. "Would you call Si Perkins a liar?"

"Wall," answered Uncle Bill, slowly, as he thoughtfully studied the ceiling, "I don't know as I go so far as to call him a liar exactly, but I do know this much: When feedin' times comes, in order to get any response from his hogs, he has to get somebody else to call 'em for him."—Everybody's Magazine.

FOOD FACTS

What an M. D. Learned.

A prominent Georgia physician went through a food experience which he makes public:

"It was my own experience that first led me to advocate Grape-Nuts food and I also know, from having prescribed it to convalescents and other weak patients, that the food is a wonderful builder and restorer of nerve and brain tissue, as well as muscle. It improves the digestion and sick patients always gain just as I did in strength and weight very rapidly."

"I was in such a low state that I had to give up my work entirely, and went to the mountains of this state, but two months there did not improve me; in fact I was not quite as well as when I left home."

"My food did not sustain me and it became plain that I must change. Then I began to use Grape-Nuts food and in two weeks I could walk a mile without fatigue, and in five weeks returned to my home and practice, taking up hard work again. Since that time I have felt as well and strong as I ever did in my life."

"As a physician who seeks to help all sufferers, I consider it a duty to make these facts public."

Trial 10 days on Grape-Nuts, when the regular food does not seem to sustain the body, will work miracles.

"There's a Reason."

JOE WEST'S VERSION OF LYNCHING

SON OF ONE OF MOB'S VICTIMS
TELLS OF BOBBITT FEUD.

CLAIMS FATHER WAS VICTIM OF PERSECUTION

Says There Were Only 15 men in Mob
Instead of 200 as Reported.

The above head lines, in counterpart and in replica also the following article in exact reproduction are re-published from the Guthrie State Leader.

While evidently there are several gross inaccuracies as relates to the truth in this purported interview of Canadian City Press correspondent with Joe West, son of Jesse West, there is as well an element of suggestion and information included therein which may assist in a measure in clarifying the minds of many thoughtful citizens of Pontotoc County in the consideration of late tragic events here around, reminding the public that late occurrences in this county are distinctly epochal in our history. It is asserted that though it be an ordeal to continue to afford press reference to the late Pontotoc county affair, there should be no shrinking in entire willingness to become informed as to the nature and extent of our state metropolitan press reports regarding local occurrences affecting as in such magnitude. Special to Daily Leader

At Guthrie
Canadian, Tex. May 1.—Joe West, aged 25 son of Jesse West the victim of the mob at Ada, Okla. in an interview with a newspaper representative at Canadian said:

My father and Bobbitt were particular friends some 12 years ago and so continued until the occasion of the killing of my brother near Ada by a mob of 200. At the time of his death my father thought Mr. Bobbitt had put up with the theft of some of his cattle and afterwards accused him of the crime. This Bobbitt resented and it is reported that he shot the negro who had killed my brother.

Fend Fisted for Years.

The resulting feud last for years during which my father was continually persecuted by Mr. Bobbitt and his gang. He (Bobbitt) attempted to make up proof that a negro mysteriously shot had met his death at the hands of Jesse West.

Joe Allen was a life-long friend of Jesse West and they both lived in and around Ada where West ran The Corners Saloon in the early days. The quarrels with Bobbitt resulted in the exodus of both West and Allen from the Seminole nation and they then took up their residence in Hemphill county Texas.

Bobbitt Got the Saloon.

After their departure Bobbitt acquired the Corners saloon and engaged in business where my father had been. His place was the rendezvous of a notorious band of killers among whom was Hook Mills who

had lost one hand and most digits of the second but his remaining fingers were active with a gun. During the year in which Bobbitt ran the saloon four men were murdered in and around the Corners by the Bobbitt clique namely John Coleman owner of The Corners, Frank Allen a cousin of Joe Allen, Ed Hendricks and Albert Stephenson a negro. All escaped conviction for these killings.

During the past several years Bobbitt's gang has twice tried to kill Jesse West and Joe Allen. Once in Hemphill county they sent two men to do the work but they were suspected and soon left the county. Again in Ada shortly before the strike the gang caught my father and Allen in the town making a deal to some property. Guns were leveled up on Allen and West and they were only saved by the intervention of the impartial federal officers.

Will Not Return to Ada.

It is not my intention to go back to Ada as I know the gang that murdered my father would give short shift to me. I know nothing about the killing of Bobbitt and my father's connection therewith but fail to see anything in the press reports upon which to base any clear opinion except that I think the law should have been allowed to take its course. There were only fifteen men in the mob instead of 200 as reported. I believe the officers stood in with the deal as they have never yet reported the affair to Governor Haskell.

I now live and did at the time my father was lynched only a short distance from Ada. I intend to sell all of my property there as soon as I can and come to Texas and assist my widowed mother any way I can. I believe I know the men who lynched my father and should the opportunity be offered me shall never cease trying to bring them to justice, but I expect always to allow the law to take its course in the punishment of these men.—Guthrie Leader

COURTS ACTION IS QUESTIONABLE

JUDGE MARSHALL DETERMINED
TO KEEP MUSKOGEE TOWN
LOT CASES IN COURT.

GRAND JURY IRREGULAR

Hinted in Washington That the Method of Drawing Grand Jury Is Irregular.

Washington, May 3.—The wide publicity which the department of justice is giving the fact that the town lot fraud cases in Oklahoma are to be reopened and a new grand jury summoned indicates that the government proposes a campaign of publicity in this matter so far as not permitting the cases to drop is concerned.

And there may be method in this. It will be noted that the department instructs the district attorney to ask the court of the western district for a new grand jury. There is considerable doubt expressed here whether there is any law under which the judge can summon a grand jury in conformity with the decision of Judge Marshall.

Chief Difficulty.

The difficulty lies in finding a provision of law now which will permit drawing a grand jury of sixteen men as was the law in the old western district. The law now requires that 24 jurors shall be drawn. The attention of the attorney general was called to this difficulty by a number of lawyers who were consulted in the matter and this was one of the reasons for the delay of the department in deciding what course to pursue. The district attorney unlike the court is under the direct jurisdiction of the department of justice. So it is up to the judge to determine whether a new grand jury can be drawn for considering the Haskell cases.

Failure Welcomed.

It was stated today by a man in close touch with the department that the course of the attorney general should not have been unexpected as there was nothing else he could do under the circumstances and that it is up to the courts to determine whether a grand jury can or shall be summoned for the purpose indicated.

It is openly hinted here that the department would not be seriously disappointed should the Oklahoma judge fail to find a legal way to summon a grand jury as that would relieve the department of any further responsibility or embarrassment in the matter.

Jury Commissioners Middleton and United States Clerk Harrison today drew a venire of sixteen jurymen from the old western district of Indian Territory to rehear the evidence in the alleged Muskogee town lot conspiracy cases in which indictments against Governor Haskell and six other Muskogee citizens were recently quashed at Tulsa.

The jury which has been ordered to report at Tulsa May 10 is constituted as follows: L. Impson, Citra, Robert Hinton, Prior, Creek, I. N. Bunch, Blue Jacket, C. W. Hardwick, Calvin, Jim Barnes, Calvin, P. P. Smith, Southwest City, Harry Wallace, Calvin, C. C. Bennett, Calvin, G. N. Harvey, Calvin, J. H. M. Holmes, Lenepah, J. L. TEXT OF BILL FOR CAPITAL LOCATION

ACTION PROPOSED WILL INVOLVE
INITIATIVE AND REFERENDUM
LAW.

BILL DRAFTED BY LEDBETTER

Oklahoma City, Shawnee and Guthrie Are Candidates Already.
Open to Others.

Report was made in these columns yesterday of the new bill which was drafted in Oklahoma City last week and which is being circulated for signatures under the initiative and referendum provision of our constitution. Two petitions are being circulated, the first seeking to amend the constitution by authorizing the location of the capital prior to 1913 and the second to determine the location.

This bill was drafted by W. A. Ledbetter, of Ardmore, and approved by the Oklahoma City Chamber of Commerce. To initiate an amendment to the constitution 15 per cent of the votes cast for president in 1906, or 38,317 signatures are necessary, while for the second, a proposed law, only 8 per cent or 20,337 are required.

Following is the complete text of the proposed bill:

Section 1. That the permanent location of the capital of the state of Oklahoma shall be selected, located and determined as herein provided.

Under the legislative power reserved to the people of the state in the constitution to propose laws and to enact or reject the same at the polls, independent of the legislature, an election shall be held for the purpose of determining the permanent location of the capital of this state on the first Tuesday succeeding the first Monday of November 1910 being the 9th day of said month or at the next election held throughout the state or at any special election which the governor of the state may call for such purpose at which the question of the permanent location of the capital of this state may be submitted to and determined by the qualified electors of the state.

Sec. 2. The city town or place which shall receive a majority or a plurality of the votes cast at any such election as herein provided or at the final election hereinafter provided for shall be and remain the permanent capital of the state of Oklahoma.

The selection of any city town or place as the permanent capital of the state as herein provided shall be construed to mean that the necessary land for capital purposes and for all the buildings and institutions which the state may establish thereon and to create the special fund herein provided for may be procured for and on behalf of the state in the manner hereinafter set forth and that such land may be definitely located within or at a distance of not exceeding five miles from such capital city town or place as may be determined by the State Capitol Commission created by this act.

Section 3. Oklahoma City, Shawnee and Guthrie are hereby declared to be candidates for the permanent location of the capital of this state and shall be voted for at the election or elections hereon provided for and their names shall be placed upon the ballots voted and used at such election or elections.

Any other city town or place may become and shall be deemed a candidate to be selected as the permanent capital and voted for at such election or elections if within thirty days after this bill and the petitions accompanying same shall be offered to the secretary of state to be filed therein five thousand qualified electors of the state shall file with the secretary of state a petition or petitions requesting that the name of such city town or place the description of such place be placed upon the ballots to be voted for therein.

Sec. 4. If this act shall be adopted and become a law but no city town or place shall receive a majority of all votes cast at the election at which this act shall be voted upon then all such cities towns or places

SERVING REPUBLICAN PRESS.

However the actual sentiment of the people of Pontotoc county regarding the act of the deed of the Ada lynching is an undoubted fact that the most fulsome appreciation is extended that portion of the state and metropolitan press which has afforded a character of comment protective to the reputation of this community and county as regards the devotion of its people in the preservation of life of its citizens which employed in person and honorific suits.

The News has employed zest in re-producing through its columns those friendly comments but it has become pretty patent that the state republican press bureau has become pretty active in using the Ada lynching as a means of reflection on the state administration through organized caricature of the Governor and State Prison Board for certain pardons lately granted.

The News frankly admits that it hates to be a kind of a forced tool in the hands of republican press bureau and further states that it has confidence in the judgment of the Governor as to his policy of extending executive clemency in certain cases but still there is an attraction in the editorial hereunder reproduced from the Tulsa World.

In face of the action of the governor in pardoning the notorious George Moran and the action of the pardoning board in a king a pardon for the murderer and the bar tender murderer it would be not only a travesty of justice to punish any man connected with the Ada lynching but it is almost a crime to seek their prosecution. The Ada mob did more for society and the cause of justice than did the pardon board or the governor in the cases referred to. Let an outraged people realize the enormity of the offense being committed by the officers of the law in the name of justice. Just now the cases may be considered in an impersonal manner but tomorrow the murder may call in your home the assassin fire through your windows the sneak thief fly tribute on your resources. Let the press of Oklahoma in the name of Oklahoma and her future forget partisanship for the once and acting in harmony and unison demand that this glaring of crime by the officials of society cease and cease quick. The situation is becoming appalling. —Tulsa World

25,000 CLUB

Elects Officers—Wants City to Go After Artesian Water.

The 25,000 Club in partial manner effected reorganization last night. There was a general and extended discussion relating to the better method of proceeding with the reorganization of the Club as had been advertised by its executive officers.

This meeting was at the time of the conclusion of the second year of the club's life and President Lucas announced that it was proper and in order to elect officers for the ensuing year. The following members received unanimous election: E. H. Lucas, president; Otis Weaver, vice president; S. M. Toftbot, treasurer; and Tom Hope, W. H. Ebey, A. L. Beck, W. C. Duncan, J. T. Conn and Dr. Ligon, board of directors.

The selection of secretary was deferred and on motion, the board of directors were requested to select such officer.

A motion carried that new members be admitted without initiation fee and on payment of \$1.00 per month dues.

Col. George Thompson made some interesting observations on the property of the city going after artesian water rather than the city council the membership of which was present were requested to float a \$20,000 bond proposition for such purpose.

which were candidates for the location of the capital except the two receiving the highest number of votes shall not be eligible to become candidates at the final election herein provided for.

It within twenty days after the result of said first election shall have been ascertained as provided by law the city town or place which received next to the highest number of votes at said election shall cause to be filed with the governor a petition or petitions signed by five thousand qualified electors verified by oath and in substantially the same form as the first petitions herein provided for requesting that a final election be called to locate the permanent capital of the state it shall be the duty of the governor and he is hereby directed to issue his proclamation calling a final election not later than 30 days from and after the date on which the first election was held to locate the capital which said final election shall be conducted under the general election laws of the state and each and all election officers in the state shall perform the same duties at said final election as they are required to perform at the general elections and the returns thereof shall be made in the same manner as required by the general election laws of the state provided that no such final election shall be called unless the city town or place receiving next to the highest number of votes cast at said first election shall execute or cause to be executed a good and sufficient bond payable to the state of Oklahoma in the sum of \$100,000 to be prepared by the attorney general and approved by the governor conditioned for the payment of the expenses of said final election within 60 days after the same shall be held in case such city town or place shall not be selected as the permanent capital of the state. Provided further that if said petition shall not be filed and said bond shall not be executed by or on behalf of such city town or place within the time herein provided then it shall thereupon become the duty of the governor to issue his proclamation calling and proclaiming the result of said first election to be that the city town or place which received the highest number of votes cast at said first election was selected as the permanent capital of the state of Oklahoma.

Sec. 5. A commission to be known as the State Capital Commission is hereby created. Said Commission shall be composed of three qualified electors to be appointed by the governor within 30 days after the capital shall be located as herein provided but not more than two of them shall be of the same political party. Each of the members of said commission shall subscribe the oath required by law of other state officers and shall execute bond to be approved by the governor in the sum of \$50,000 conditioned for the faithful performance of the duties imposed upon them by law and each of them shall be paid a salary of \$4,000 per annum. The term of office of said commissioners shall be two years from and after the first day of January 1911 unless it shall be continued by act of the legislature.

As soon as practicable after their appointment and qualification they shall organize by electing one of their number chairman. A majority of the members shall constitute a quorum to do business and perform the duties and exercise the powers conferred on the commission. Said commission is hereby constituted a body corporate and shall have the power to sue or be sued, and to defend or be defended, in any and all actions or proceedings in any way affecting its powers or duties. Said commission shall have power to definitely locate and procure for and on behalf of the state the title to all land necessary for capital purposes, and for all buildings and institutions which

the state may establish thereon and to create the special fund herein provided for not to exceed two thousand acres said land to be located within or at a distance of not more than five miles from the city town or place selected as the permanent capital of the state.

If said commission shall be unable to agree with the owners occupants or lessees of any land selected by it for capital purposes it shall have the authority to exercise the power of eminent domain and to institute and to prosecute to final determination proceedings for the condemnation of such land as provided in the act of the legislature approved May 20 1908 entitled An act amending section 28 of article 19 of chapter 17 of the statutes of Oklahoma of 1903, regulating the method of procedure in the condemnation of private property for both public and private use.

The fee simple title to all land condemned for and on behalf of the state as herein provided shall vest in the state and the owner thereof shall receive compensation for such fee simple title.

If said state capital commission shall select any land for capital purposes belonging to the state said state capital commission and the school land commissioners of the state shall be and are hereby authorized and empowered to appraise the value of the land as well as the value of any improvements claim right or preference right to leave the same held by any person pursuant to the constitution and laws of the state or any act of congress.

The value of such improvements claims right of lease and such land shall be appraised separately. The appraised value of the land shall be paid by said capital commission into the state treasury out of the money hereby appropriated out of the special fund hereinafter created and held by the state in trust to be devoted and appropriated for the purpose for which said land may have been appropriated as may be provided by law and the appraised value of such improvements claim right or lease shall be paid over to the owner thereof.

Sec. 6. When said land shall have been procured and the fee simple title thereto vested in the state for capital purposes as herein provided it shall be the duty of the state capital commission to set apart a portion of said land as the site for the capitol of the state and for such other buildings or institutions as the state may properly locate thereon and to survey and plat the remainder of said land into parks squares blocks lots streets and alleys and to make in duplicate an accurate map thereof to be approved by the governor and file one of said maps in the office of the register of deeds in the county where said land is located and keep the other for the use of the commission in its records and maps shall be executed in said commission in the same manner maps and plats of lands are required by law to be executed for township purposes and said map shall have the same effect as is given by law to maps and plats when executed and filed for township purposes.

Said commission shall have power to employ a competent engineer and architect to procure all help and assistance legal clerical and otherwise necessary to facilitate the proper discharge of its duties and to fix the compensation therefor.

It shall be the duty of said commission as soon as practicable to procure such information as in its judgment will be useful in determining what would be a suitable capitol for the state of Oklahoma and to cause to be prepared plans and specifications for the same and make estimates or receive bids for the cost of the construction thereof, and report the same together with such information as it may have procured with its recommendation to the governor. Said commission, with the approval of the governor, shall have power to make and enter into all necessary contracts and agreements for the construction of the capitol but no such contract shall be binding on the state until approved by the legislature.

It shall be the duty of the governor to transmit the report of said commission and any contract it may have made for the construction of the capitol to the legislature as soon as practicable. The capitol shall be constructed of marble granite or other material quarried within the state of Oklahoma.

Sec. 7.—The state capital commission with the approval of the governor shall have power to make and publish rules and regulations governing the sale of all lots surveyed and platted for sale, and shall publish therein methods and terms of sale and fix a minimum price at which said lots may be sold. Said commission shall have the general supervision and control of the sale of all of said lots but the title to no

lot shall be vested in any purchaser thereof until the sale thereof has been approved by the governor.

All lots shall be conveyed by patent from the state to be executed by the governor.

The proceeds of the sale of said lots shall constitute a special fund to be known as the state capitol fund and shall be deposited in the state treasury. Said fund shall be used to pay the expenses of procuring the title to said land and platting mapping and selling the same and for the purpose of constituting a state capitol as may be hereafter provided by law.

The sum of \$500,000 is hereby appropriated and shall be immediately available out of any money in the state treasury not otherwise appropriated for the purpose of carrying the provisions of this act into effect.

The state shall be reimbursed for the amount of money hereby appropriated out of the special fund hereby created as may be hereafter provided by law.

BROWN BROS. OPEN WEEK ENGAGEMENT

(CLOVERDALE, THE OPENING BILL BRINGS OUT APPRECIATIVE AUDIENCE.)

Not Barn Stormers and Amateurs But Good Clean Players Who Know Their Business.

The entertainment at Brown Bros. tent last evening brought out a reasonably good sized audience in view of the fact that the show is here for a week and this was the first night.

Their performances are all dramatic and they have scheduled a complete change of program every night for the week. The opening performance last evening entitled Cloverdale was a thrilling production and was frequently intercepted with applause from the audience.

The plot was laid in the country place of a well-to-do old farmer who later became the victim of a loan shark and mortgage holder. The trials and humiliations inflicted upon the family appeared so real and true to nature that one would almost weep only to soon mock him with laughter at the wit and comedy.

The final humorous triumph of the old man after abasement of his persecutors and the consummation of happy climaxes throughout the whole cast made the closing scene pathetic yet satisfying and impressive.

The title of the bill tonight will be Her Coward Visitor. It is possible that the title of this production is a little misleading for the company announced that it was not a hilarious wild west performance but an elegant and refined comedy drama.

The News is disposed to be careful in its recommendations of shows but price and merit considered this is undoubtedly the best of the kind making this territory.

KNIGHTS AND PYTHIAN SISTERS
Advance Guard of Two Grand Lodges Arriving at Chickasha for Annual Meeting.

Chickasha Ok. May 3.—The advance guard of the Knights of Pythias and Pythian Sisters the grand lodges of which will be in session here Tuesday and Wednesday began to arrive this afternoon. It is expected that

fully 700 visitors will be here during the two days. Every lodge in the state will send a delegate and some of them two, besides those who will come as visitors. Chickasha avenue presents a brilliant scene. Large designs conveying the message of welcome are stretched across the avenue and most of the buildings are decorated with flags and bunting. At the Methodist church this evening an informal reception by the public was tendered to the visitors. A program of addresses and musical numbers was carried out. At convention hall tomorrow morning another public meeting will be held. Addresses of welcome and responses constituting the larger part of the program.

NEW COUNCIL SWORN IN.

Newly Elected City Officials Assume Duties Today.

At the meeting of the city council last night the newly elected officials were sworn in and have assumed their respective duties. L. J. Little the city's newly elected mayor resigned as alderman from the third ward and Mr. A. J. Shirley was elected by the council in his stead. Mr. Shirley is a strong and substantial citizen and will redouble upon the citizenship of the third ward.

Quite a number of citizens were at the council meeting but other than installation of officers no great deal of business was transacted.

Deafness Cannot Be Cured

by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness and that is by constitutionally remedied. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing and when it is entirely closed Deafness is the result and unless the inflammation can be taken out and this tube restored to its normal condition hearing will be destroyed forever. Nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by Catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free. F J Cheney & Co, Toledo O.

LIQUOR CASES STILL DEMAND ATTENTION

NEW DECISION HANDED DOWN BY JUSTICE DOYLE.

Says There Can Be No Change of Venue in Misdemeanor Cases.

Guthrie Okla May 3—There can be no change of venue in the trial of liquor cases is the substance of an opinion by Justice Doyle handed down by the criminal court of appeals Saturday afternoon. He holds that there can be no change of venue for misdemeanor cases of the county court jurisdiction and as liquor cases coming under this classification the finding follows. The opinion affirmed the conviction of Walter Washington in Pushmataha county where he was sentenced to 30 days and a \$100 fine for selling liquor.

Justice Doyle in reversing the conviction of C H Markinson from Comanche county holds that in effect All Hall is not a beer but a substitute according to the evidence. Justice Doyle holds that intoxicating liquors must intoxicate and that beer must be beer and not an imitation.

The conviction of Frank Weber of Creek county is also reversed by Justice Doyle because of error in instructions of the lower court.

Presiding Justice Thurman reverses two Muskogee convictions for liquor cases. The conviction of Joe H Lightle sentenced to \$200 fine and 30 days in jail for selling liquor is reversed on the grounds that the name of the purchaser must be given in an indictment for a single act of selling intoxicating liquors or if name is not known this fact must be alleged and that liquor offered in evidence must be identified as having been in possession and having been unlawfully disposed of by the defendant. The conviction of Bud Burke given \$50 and 30 days for selling liquor was reversed also on the grounds that the name of the person must be alleged or fact stated otherwise that it is error for the court to single out the defendant and instruct the jury on the credibility of his evidence.

Justice Baker denied a motion for rehearing for Sabe Bennett under a ten year sentence for killing Joe Boyd in McIntosh county before statehood.

OUR GUTHRIE CORRESPONDENT

Guthrie May —State Examiner and Inspector Taylor has just made public the report on the inspection of the librarian. The inspector estimates that there are about 15,000 volumes. During his term Librarian Daves has sold \$7,800 of books out side of the 1908 statutes. By order of the board of directors issued March 27th there will be no more sales on open account and all books ordered from the state librarian must be accompanied by cash. Owing to the fact that the library has been twice moved during the present year the arrangement of books has been interfered with but now that permanent quarters are secured this can be righted.

According to the report of the State Inspector and Examiner Taylor the oil inspector of the state has not only done a good business but has netted the state a neat sum. State Oil Inspector T D Kelly has collected \$25,213.41. The cost of the department including the salary of all deputies has been \$7,798.83 and the balance \$17,414.48 has been turned into the state treasury.

The session of the second annual convention of the Charities and Corrections held at Shawnee on the 29th and 30th of last month was in every way a success. The attendance was even more than was hoped for and on the last evening of the session more than three hundred people were turned away from the opera house because all of the room had been taken. The work of Miss Kate Barnard Commissioner of Charities and Corrections was endorsed and arrangements made to hold the next meeting at Muskogee.

The proposition of State Bank Commissioner, A M Young, made to the National Bank Examiner to examine the National Banks holding state bank reserves by the state and national bank examiners at the same time appears to have met the approval of the national banking authorities. The National Bank Examiner has signified his willingness to conduct joint examinations.

The cost is great, but the results attained are greatly to be desired.

Says the eloquent Baptist preacher, Dr. O. P. Gifford: Catholic Ireland and Protestant England live on separated islands. In Boston, Irishman jostled Englishman, and Catholic crowded Protestant. Contact destroyed prejudice. Each saw that the other was human, and seeking the divine. The open palm has taken the place of the clenched fist, both are citizens of a common republic. Ignorance is the parent of prejudice, knowledge of the truth frees.

The German parliament has now taken up seriously the question of ministerial responsibility to the country. This is putting it mildly, but it means that the remnant of "divine right" of rulers is to go. It has become patent to the intelligence of the twentieth century that any pretension to divine right must be accompanied by superhuman prudence and virtue. This accompaniment, up to date, has not been filed with the claim.

A hand-made cigar fresh from the table, wrapped in foil, thus keeping fresh until smoked. A fresh cigar made of good tobacco is the ideal smoke. The old, well cured tobaccos used are so rich in quality that many who formerly smoked 10c cigars now smoke Lewis' Single Binder Straight 5c. Lewis' Single Binder costs the dealer some more than other 5c cigars, but the higher price enables this factory to use extra quality tobacco. There are many imitations; don't be fooled. There is no substitute! Tell the dealer you want a Lewis "Single Binder."

Awake to Danger of Tuberculosis.
The number of state and local tuberculosis societies in the United States has shown over 100 per cent. increase during the past year; the number of sanatoria and hospitals for tuberculosis, nearly 30 per cent. increase; and the number of special tuberculosis dispensaries and clinics, over 40 per cent. increase. The rate of increase in the number of workers is estimated at over 200 per cent., and the amounts given for tuberculosis relief have been doubled during the year. Thirty-three legislatures, out of 33 in session up to May 1, 1909, have been considering laws pertaining to the prevention or treatment of tuberculosis. In a large number of states legislation affecting this subject has already been enacted, and more laws will be passed before the close of the spring session.

Putting it Gently.
The sages of the general store were discussing the veracity of old Si Perkins when Uncle Bill Abbott ambled in.
"What do you think about it, Uncle Bill?" they asked him. "Would you call Si Perkins a liar?"
"Wall," answered Uncle Bill, slowly, as he thoughtfully studied the ceiling, "I don't know as I go so far as to call him a liar exactly, but I do know this much: When feedin' times comes, in order to get any response from his hogs, he has to get somebody else to call 'em for him."—Everybody's Magazine.

FOOD FACTS
What an M. D. Learned.

A prominent Georgian physician went through a food experience which he makes public:
"It was my own experience that first led me to advocate Grape-Nuts food and I also know, from having prescribed it to convalescents and other weak patients, that the food is a wonderful builder and restorer of nerve and brain tissue, as well as muscle. It improves the digestion and sick patients always gain just as I did in strength and weight very rapidly."
"I was in such a low state that I had to give up my work entirely, and went to the mountains of this state, but two months there did not improve me; in fact I was not quite as well as when I left home."
"My food did not sustain me and it became plain that I must change. Then I began to use Grape-Nuts food and in two weeks I could walk a mile without fatigue, and in five weeks returned to my home and practice, taking up hard work again. Since that time I have felt as well and strong as I ever did in my life."
"As a physician who seeks to help all sufferers, I consider it a duty to make these facts public."
Trial 10 days on Grape-Nuts, when the regular food does not seem to sustain the body, will work miracles.
"There's a Reason."

Woman's Beauty

Some women retain their beauty to an advanced age. But women, who regularly endure pain, age rapidly, for suffering leaves its lasting marks on them.

Nearly all women suffer more or less with some form of female trouble. It should not be neglected. Avoid the pain—treat yourself at home by taking Cardui, as thousands of other women have done. Begin at once and give Cardui a fair trial.

Mrs. Katie Burlison, Goreville, Ill., tried Cardui and writes: "I suffered with female troubles, and was so sick I could not stand on my feet. Finally I began to take Cardui, and soon began to mend. Now I am able to do all my housework and am in much better health than I was before." Try it.

320 Acres of Wheat Land IN WESTERN CANADA

WILL MAKE YOU RICH

50 ACRES IN WESTERN CANADA FREE

Fifty bushels per acre have been grown. General average greater than in any other part of the continent. Under new regulations it is possible to secure a homestead of 160 acres free, and additional 160 acres at \$3 per acre.

"The development of the country has made marvelous strides. It is a revelation, a record of conquest by settlement that is remarkable."—Extract from correspondence of a National Editor, who visited Canada in August last.

The grain crop of 1908 will net many farmers \$20.00 to \$25.00 per acre. Grain-raising, mixed farming and dairying are the principal industries. Climate is excellent; social conditions the best; railway advantages unequalled; schools, churches and markets close at hand. Land may also be purchased from railway and land companies.

Paxtine TOILET ANTISEPTIC

—NOTHING LIKE IT FOR—

THE TEETH Paxtine excels any dentifrice in cleansing, whitening and removing tartar from the teeth, besides destroying all germs of decay and disease which ordinary tooth preparations cannot do.

THE MOUTH Paxtine used as a mouth-wash disinfects the mouth and throat, purifies the breath, and kills the germs which collect in the mouth, causing sore throat, bad teeth, bad breath, grippe, and much sickness.

THE EYES when inflamed, tired, aching and burn, may be instantly relieved and strengthened by Paxtine.

CATARRH Paxtine will destroy the germs that cause catarrh, heal the inflammation and stop the discharge. It is a sure remedy for uterine catarrh.

Paxtine is a harmless yet powerful germicide, disinfectant and deodorizer. Used in bathing it destroys odors and leaves the body antiseptically clean.

JOE WEST'S VERSION OF LYNCHING

SON OF ONE OF MOB'S VICTIMS TELLS OF BOBBITT FEUD.

CLAIMS FATHER WAS VICTIM OF PERSECUTION

Says There Were Only 15 Men in Mob Instead of 200 as Reported.

The above head lines in counterpart and in replica also the following article in exact reproduction are re-published from the Guthrie State Leader.

While evidently there are several gross inaccuracies as relates to the truth in this purported interview of Canadian City Press correspondent with Joe West, son of Jesse West, there is as well an element of suggestion and information included therein which may assist in a measure in clarifying the minds of many thoughtful citizens of Pontotoc County in the consideration of late tragic events here around, reminding the public that late occurrences in this county are distinctly epochal in our history. It is asserted that though it be an ordeal to continue to afford press reference to the late Pontotoc county affair, there should be no shrinking in entire willingness to become informed as to the nature and extent of our state metropolitan press reports regarding local occurrences affecting us in such magnitude.

Special to Daily Leader
At Guthrie
Canadian, Tex. May 1.—Joe West, aged 25, son of Jesse West, the victim of the mob at Ada, Okla. in an interview with a newspaper representative at Canadian said:

My father and Bobbitt were particular friends some 12 years ago and so continued until the occasion of the killing of my brother near Ada by a mob. One of the boys in the mob my father thought Mr. Bobbitt had put in and in the midst of some of his talk and afterwards accused him of the crime. This Bobbitt resented and at the time threatened the negro who had killed my brother.

Feud lasted for years.
The resulting feud last for years during which my father was continually persecuted by Mr. Bobbitt and his gang. He (Bobbitt) attempted to make up proof that a negro mysteriously shot had met his death at the hands of Jesse West.

Joe Allen was a life-long friend of Jesse West and they both lived in and around Ada where West ran The Corners Saloon. In the early days the quarrels with Bobbitt resulted in the exodus of both West and Allen from the Seminole nation and they then took up their residence in Hemphill county, Texas.

Bobbitt got the saloon.
After their departure Bobbitt acquired the Corners saloon and engaged in business where my father had been. His place was the rendezvous of a notorious band of killers among whom was Hook Miller who

had lost one hand and most digits of the second but his remaining fingers were active with a gun. During the year in which Bobbitt ran the saloon four men were murdered in and around The Corners by the Bobbitt clique, namely John Coleman, owner of The Corners, Frank Allen, a cousin of Joe Allen, Ed Hendricks and Albert Stephenson, a negro. All escaped conviction for these killings.

During the past several years Bobbitt's gang has twice tried to kill Jesse West and Joe Allen. Once in Hemphill county they sent two men to do the work but they were suspected and soon left the country. Again in Ada shortly before the mob the gang caught my father and Allen in the town making a raid to some property. Guns were leveled upon Allen and West and they were only saved by the intervention of the impartial federal officers.

Will Not Return to Ada.
It is not my intention to go back to Ada as I know the gang that murdered my father would give short shift to me. I know nothing about the killing of Bobbitt and my father's connection therewith but fail to see anything in the press reports upon which to base any clear opinion except that I think the law should have been allowed to take its course. There were only fifteen men in the mob instead of 200 as reported. I believe the officers stood in with the deal as they have never yet reported the affair to Governor Haskell.

I now live and did at the time my father was lynched only a short distance from Ada. I intend to sell all of my property there as soon as I can and come to Texas and assist my widowed mother any way I can. I believe I know the men who lynched my father and should the opportunity be offered me shall never cease trying to bring them to justice, but I expect always to allow the law to take its course in the punishment of these men.—Guthrie Leader.

COURTS ACTION IS QUESTIONABLE

JUDGE MARSHALL DETERMINED TO KEEP MUSKOGEE TOWN LOT CASES IN COURT.

GRAND JURY IRREGULAR

Held in Washington That the Method of Drawing Grand Jury Is Irregular.

Washington, May 3.—The wide publicity which the department of justice is giving the fact that the town lot fraud cases in Oklahoma are to be reopened and a new grand jury summoned indicates that the government proposes a campaign of publicity in this matter so far as not permitting the cases to drop is concerned.

And there may be method in this. It will be noted that the department instructs the district attorney to ask the court of the western district for a new grand jury. There is considerable doubt expressed here whether there is any law under which the judge can summon a grand jury in conformity with the decision of Judge Marshall.

Chief Difficulty.
The difficulty lies in finding a provision of law now which will permit drawing a grand jury of sixteen men as was the law in the old western district. The law now requires that 24 jurors shall be drawn. The attention of the attorney general was called to this difficulty by a number of lawyers who were consulted in the matter and this was one of the reasons for the delay of the department in deciding what course to pursue. The district attorney, unlike the court, is under the direct jurisdiction of the department of justice. So it is up to the judge to determine whether a new grand jury can be drawn for considering the Haskell cases.

Failure Welcomed.
It was stated today by a man in close touch with the department that the course of the attorney general should not have been unexpected as there was nothing else he could do under the circumstances and that it is up to the courts to determine whether a grand jury can or shall be summoned for the purpose indicated.

It is openly hinted here that the department would not be seriously disappointed should the Oklahoma judge fail to find a legal way to summon a grand jury as that would relieve the department of any further responsibility or embarrassment in the matter.

Jury Commissioner Middleton and United States Clerk Harrison today drew a venire of sixteen jurymen from the old western district of Indian Territory to rehear the evidence in the alleged Muskogee town lot conspiracy cases in which indictments against Governor Haskell and six other Muskogee citizens were recently quashed at Tulsa.

The jury which has been ordered to report at Tulsa May 10 is constituted as follows: L. Simpson, Citra; Robert Hinton, Pryor Creek; I. N. Bunch, Blue Jacket; C. W. Hardwick, Calvin; Jim Barnes, Calvin; F. P. Smith, Southwest City; Harry Wallace, Calvin; C. C. Bennett, Calvin; G. N. Harvey, Calvin; J. H. M. Holmes, Lenepah; J. L. Smith, Clinton; Lewis, I. T. Rogers, South West City; and A. S. Burney, Burneyville.

TEXT OF BILL FOR CAPITAL LOCATION

ACTION PROPOSED WILL INVOLVE INITIATIVE AND REFERENDUM LAW.

BILL DRAFTED BY LEOBETTER

Oklahoma City, Shawnee and Guthrie Are Candidates Already. Open to Others.

Report was made in these columns yesterday of the new bill which was drafted in Oklahoma City last week and which is being circulated for signatures under the initiative and referendum provision of our constitution. Two petitions are being circulated, the first seeking to amend the constitution by authorizing the location of the capital prior to 1913 and the second to determine the location.

This bill was drafted by W. A. Leobetter, of Ardmore, and approved by the Oklahoma City Chamber of Commerce. To initiate an amendment to the constitution 15 per cent of the votes cast for president in 1908, or 38,317 signatures are necessary, while for the second, a proposed law, only 8 per cent or 20,337 are required.

Following is the complete text of the proposed bill:

Section 1. That the permanent location of the capital of the state of Oklahoma shall be selected, located and determined as herein provided.

Under the legislative power reserved to the people of the state in the constitution to propose laws and to enact or reject the same at the polls, independent of the legislature, an election shall be held for the purpose of determining the permanent location of the capital of this state on the first Tuesday succeeding the first Monday of November 1910 being the 9th day of said month or at the next election held throughout the state or at any special election which the governor of the state may call for such purpose at which the question of the permanent location of the capital of this state may be submitted to and determined by the qualified electors of the state.

Sec. 2. The city, town or place which shall receive a majority or a plurality of the votes cast at any such election as herein provided or at the final election hereinafter provided for shall be and remain the permanent capital of the state of Oklahoma.

The selection of any city, town or place as the permanent capital of the state as herein provided shall be construed to mean that the necessary land for capital purposes and for all the buildings and institutions which the state may establish thereon and to create the special fund herein provided for may be procured for and on behalf of the state in the manner hereinafter set forth and that such land may be definitely located within or at a distance of not exceeding five miles from such capital city, town or place as may be determined by the State Capital Commission created by this act.

Section 3. Oklahoma City, Shawnee and Guthrie are hereby declared to be candidates for the permanent location of the capital of this state and shall be voted for at the election or elections herein provided for and their names shall be placed upon the ballots voted and used at such election or elections.

Any other city, town or place may become and shall be deemed a candidate to be selected as the permanent capital and voted for at such election or elections within thirty days after this bill and the petitions accompanying same shall be offered to the secretary of state to be filed therein five thousand qualified electors of the state shall file with the secretary of state a petition or petitions requesting that the name of such city or town or the description of such place be placed upon the ballots to be voted for therein.

Sec. 4. If this act shall be adopted and become a law but no city, town or place shall receive a majority of all votes cast at the election at which this act shall be voted upon then all such cities, towns or places

SERVING REPUBLICAN PRESS.

However the actual sentiment of the people of Pontotoc county regarding the act of the deed of the Ada lynching is an undoubted fact that the most fulsome appreciation is extended that portion of the state and metropolitan press which has afforded a character of comment protective to the reputation of this community and county is regards the devotion of its people in the preservation of life of its citizens while employed in peaceful and honest pursuits.

The News has employed zest in reproducing through its columns those friendly comments but it has become pretty patent that the state republican press bureau has become pretty active in using the Ada lynching at least as a means of reflection on the state administration through original castigation of the Governor and State Prison Board for certain pardons lately granted.

The News frankly admits that it hates to be a kind of a forced tool in the hands of republican press bureau and further states that it has confidence in the judgment of the Governor as respects to his policy of extending executive clemency in certain cases but still there is an attraction in the editorial hereunder reproduced from the Tulsa World.

In face of the action of the governor in pardoning the notorious George Moran and the action of the pardoning board in a king a pardon for the murderer and the bar tender murderer it would be not only a travesty of justice to punish any man connected with the Ada lynching but it is almost a crime to seek their prosecution. The Ada would do more for society and the cause of justice than did the pardon board or the governor in the cases referred to. Let an outraged people realize the enormity of the offense being committed by the officers of the law in the name of justice. Just now the cases may be considered in an impartial manner but tomorrow the murder may tell in your home the assassin fire through your windows the sneak thief by tribute on your resources. Let the press of Oklahoma in the name of Oklahoma and her future forget partisanship for the once and acting in harmony and union demand that this glaring of crime by the officials of society cease and cease quick. The situation is becoming appalling. —Tulsa World

25,000 CLUB

Elects Officers—Wants City to Go After Artesian Water.

The 25,000 Club in partial manner effected reorganization last night. There was a general and extended discussion relating to the better method of proceeding with the reorganization of the Club as had been advertised by its executive officers.

This meeting was at the time of the conclusion of the second year of the club's life and President Lucas announced that it was proper and in order to elect officers for the ensuing year. The following members received unanimous election: E. H. Lucas president, O. C. Weaver vice president, S. M. Toftott, treasurer, and Tom Hope, W. H. Ebey, A. L. Beck, W. C. Duncan, J. T. Conn and Dr. Ligon board of directors.

The selection of secretary was deferred and on motion, the board of directors were requested to select such officer.

A motion carried that new members be admitted without initiation fee and on payment of \$1.00 per month dues.

Col. George Thompson made some interesting observations on the propriety of the city going after artesian water rather than the city council the membership of which was present were requested to float a \$20,000 bond proposition for such purpose.

which were candidates for the location of the capital except the two receiving the highest number of votes shall not be eligible to become candidates at the final election herein provided for.

If within twenty days after the result of said first election shall have been ascertained as provided by law the city town or place which received next to the highest number of votes at said election shall cause to be filed with the governor a petition or petitions signed by five thousand qualified electors verified by both and in substantially the same form as the first petitions herein provided for requesting that a final election be called to locate the permanent capital of the state it shall be the duty of the governor and he is hereby directed to issue his proclamation calling a final election not later than 30 days from and after the date on which the first election was held to locate the capital which said final election shall be conducted under the general election laws of the state and each and all election officers in the state shall perform the same duties at said final election as they are required to perform at the general elections, and the returns thereof shall be made in the same manner as required by the general election laws of the state provided that no such final election shall be called unless the city town or place receiving next to the highest number of votes cast at said first election shall execute or cause to be executed a good and sufficient bond payable to the state of Oklahoma in the sum of \$100,000 to be prepared by the attorney general and approved by the governor conditioned for the payment of the expenses of said final election within 60 days after the same shall be held in case such city town or place shall not be selected as the permanent capital of the state.

Provided further that if said petition shall not be filed and said bond shall not be executed by or on behalf of such city town or place within the time herein provided then it shall thereupon become the duty of the governor to issue his proclamation calling and proclaiming the result of said first election to be that the city town or place which received the highest number of votes cast at said first election was selected as the permanent capital of the state of Oklahoma.

Sec 2. A commission to be known as the State Capital Commission is hereby created. Said Commission shall be composed of three qualified electors to be appointed by the governor within 30 days after the capital shall be located as herein provided but not more than two of them shall be of the same political party. Each of the members of said commission shall subscribe the oath required by law of other state officers and shall execute bond to be approved by the governor in the sum of \$50,000 conditioned for the faithful performance of the duties imposed upon them by law and each of them shall be paid a salary of \$4,000 per annum. The term of office of said commissioners shall be two years and said commission shall terminate at the expiration of two years from and after the first day of January 1911 unless it shall be continued by act of the legislature.

As soon as practicable after their appointment and qualification they shall organize by electing one of their number chairman. A majority of the members shall constitute a quorum to do business and perform the duties and exercise the powers conferred on the commission. Said commission is hereby constituted a body corporate and shall have the power to sue or be sued, and to defend or be defended, in any and all actions or proceedings in any way affecting its powers or duties. Said commission shall have power to definitely locate and procure for and on behalf of the state the title to all land necessary for capital purposes, and for all buildings and institutions which

the state may establish thereon and to create the special fund herein provided for not to exceed two thousand acres said land to be located within or at a distance of not more than five miles from the city town or place selected as the permanent capital of the state.

If said commission shall be unable to agree with the owners occupants or lessees of any land selected by it for capital purposes it shall have the authority to exercise the power of eminent domain and to institute and to prosecute to final determination proceedings for the condemnation of such land as provided in the act of the legislature approved May 20 1908 entitled An act amending section 28 of article 19 of chapter 17 of the statutes of Oklahoma of 1903, regulating the method of procedure in the condemnation of private property for both public and private use.

The fee simple title to all land condemned for and on behalf of the state is herein provided shall vest in the state and the owner thereof shall receive compensation for such fee simple title.

If said state capital commission shall select any land for capital purposes belonging to the state said state capital commission and the school land commissioners of the state shall be and are hereby authorized and empowered to appraise the value of the land as well as the value of any improvements claim right or preference right to lease the same held by any person pursuant to the constitution and laws of the state or any act of congress.

The value of such improvements claims right or lease and such land shall be appraised separately. The appraised value of the land shall be paid by said capital commission into the state treasury out of the money hereby appropriated out of or out of the special fund hereinafter created and held by the state in trust to be devoted and appropriated for the purpose for which said land may have been appropriated as may be provided by law and the appraised value of such improvements claim right or lease shall be paid over to the owner thereof.

Sec 3. When said land shall have been procured and the fee simple title thereto vested in the state for capital purposes as herein provided it shall be the duty of the state capital commission to set apart a portion of said land is the site for the capital of the state and for such other buildings or institutions as the state may probably locate thereon and to survey and plat the remainder of said land into parks squares blocks lots streets and alleys and to make in duplicate an accurate map thereof to be approved by the governor and all one of said maps in the office of the register of deeds in the county where said land is located and keep the other for the use of the commission in its records and maps shall be executed by said commission in the same manner maps and plats of lands are required by law to be executed for townsite purposes and said map shall have the same effect as is given by law to maps and plats when executed and filed for townsite purposes.

Said commission shall have power to employ a competent engineer and architect to procure all help and assistance legal clerical and otherwise necessary to facilitate the proper discharge of its duties and to fix the compensation therefor.

It shall be the duty of said commission as soon as practicable to procure such information as in its judgment will be useful in determining what would be a suitable capital for the state of Oklahoma and to cause to be prepared plans and specifications for the same and make estimates or receive bids for the cost of the construction thereof, and report the same together with such information as it may have procured with its recommendation to the governor.

Said commission, with the approval of the governor, shall have power to make and enter into all necessary contracts and agreements for the construction of the capital but no such contract shall be binding on the state until approved by the legislature.

It shall be the duty of the governor to transmit the report of said commission and any contract it may have made for the construction of the capital to the legislature as soon as practicable.

The capital shall be constructed of marble granite or other material quarried within the state of Oklahoma.

Sec 7.—The state capital commission with the approval of the governor shall have power to make and publish rules and regulations governing the sale of all lots surveyed and platted for sale, and shall publish therein methods and terms of sale and fix a minimum price at which said lots may be sold. Said commission shall have the general supervision and control of the sale of all of said lots but the title to no

lot shall be vested in any purchaser thereof until the sale thereof has been approved by the governor.

All lots shall be conveyed by patent from the state to be executed by the governor.

The proceeds of the sale of said lots shall constitute a special fund to be known as the state capital fund and shall be deposited in the state treasury. Said fund shall be used to pay the expenses of procuring the title to said land and platting mapping and selling the same and for the purpose of constituting a state capital as may be hereafter provided by law.

The sum of \$600,000 is hereby appropriated and shall be immediately available out of any money in the state treasury not otherwise appropriated for the purpose of carrying the provisions of this act into effect.

The same shall be reimbursed for the amount of money hereby appropriated out of the special fund hereby created as may be hereafter provided by law.

BROWN BROS. OPEN WEEK ENGAGEMENT

LOVERDALE, THE OPENING BILL BRINGS OUT APPRECIATIVE AUDIENCE.

Not Burn Stormers and Amateurs But Good Clean Players, Who Know Their Business.

The entertainment at Brown Bros. tent last evening brought out a reasonably good sized audience in view of the fact that the show is here for a week and this was the first night.

Their performances are all dramatic and they have scheduled a complete change of program every night for the week. The opening performance last evening entitled Loverdale was a thrilling production and was frequently interrupted with applause from the audience.

The plot was laid at the country place of a well-to-do old farmer who later became the victim of a loan shark and mortgage holder. The trials and humiliations inflicted upon the family appeared so real and true to nature that one would almost wish only to soon mock him with laughter at the wit and comedy.

The final triumph of the old man at the utter abashment of his persecutors and the consummation of happy climaxes throughout the whole cast made the closing scenes pathetic yet satisfying and impressive.

The title of the bill tonight will be Her Cowboy Visitor. It is possible that the title of this production is a little misleading for the company announced that it was not a hilarious wild west performance but an elegant and refined comedy drama.

The News is disposed to be careful in its recommendations of shows but price and merit considered this is undoubtedly the best of the kind making this territory.

KNIGHTS AND PYTHIAN SISTERS
Advance Guard of Two Grand Lodges Arriving at Chickasha for Annual Meeting.

Chickasha, Ok. May 3.—The advance guard of the Knights of Pythias and Pythian Sisters the grand lodges of which will be in session here Tuesday and Wednesday began to arrive this afternoon. It is expected that

fully 700 visitors will be here during the two days. Every lodge in the state will send a delegate and some of them two, besides those who will come as visitors. Chickasha avenue presents a brilliant scene. Large designs conveying the message of welcome are stretched across the avenue and most of the buildings are decorated with flags and bunting. At the Methodist church this evening an informal reception by the public was tendered to the visitors. A program of addresses and musical numbers was carried out. At convention hall tomorrow morning another public meeting will be held. Addresses of welcome and responses constituting the larger part of the program.

NEW COUNCIL SWORN IN.

Newly Elected City Officials Assume Duties Today.

At the meeting of the city council last night the newly elected officials were sworn in and have assumed their respective duties. L. J. Little, the city's newly elected mayor, resigned as alderman from the third ward and Mr. A. J. Shuley was elected to the council in his stead. Mr. Shuley is a strong and substantial citizen and will add credit upon the citizenship of the third ward.

Quite a number of citizens were at the council meeting but other than installation of officers no great deal of business was transacted.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by Catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free. F. J. Cheney & Co., Toledo, O.

LIQUOR CASES STILL DEMAND ATTENTION

NEW DECISION HANDED DOWN BY JUSTICE DOYLE.

Says There Can Be no Change of Venue in Misdemeanor Cases.

Guthrie, Okla., May 3.—There can be no change of venue in the trial of liquor cases is the substance of an opinion by Justice Doyle handed down by the criminal court of appeals Saturday afternoon. He holds that there can be no change of venue for misdemeanor cases of the county court jurisdiction, and as liquor cases coming under this classification, the finding follows. The opinion affirmed the conviction of Walter Washington in Pushmataha county, where he was sentenced to 30 days and a \$100 fine for selling liquor.

Justice Doyle in reversing the conviction of C. H. Markinson from Comanche county, holds that in effect, "All Hail" is not a beer, but a substitute, according to the evidence, Justice Doyle holds that intoxicating liquors must intoxicate, and that beer must be beer, and not an imitation.

The conviction of Frank Weber of Creek county is also reversed by Justice Doyle because of error in instructions of the lower court.

Presiding Justice Furman reverses two Muskogee convictions for liquor cases. The conviction of Joe H. Lightle, sentenced to \$300 fine and 30 days in jail for selling liquor, is reversed on the grounds that the name of the purchaser must be given in an indictment for a single act of selling intoxicating liquors, or if name is not known, this fact must be alleged; and that liquors offered in evidence must be identified as having been in possession and having been unlawfully disposed of by the defendant. The conviction of Bud Burke, given \$50 and 30 days for selling liquor, was reversed also on the grounds that the name of the person must be alleged or fact stated otherwise; that it is error for the court to single out the defendant and instruct the jury on the credibility of his evidence.

Justice Baker denied a motion for a rehearing for Sabe Bennetfield, under a ten-year sentence for killing Joe Boyd in McIntosh county before statehood

OUR GUTHRIE CORRESPONDENT

Guthrie, May 3.—State Examiner and Inspector, Taylor, has just made public the report on the inspection of the librarian. The inspector estimates that there are about 15,000 volumes during his term. Librarian Dawes has sold \$7,800 of books outside of the 1908 statutes. By order of the board of directors, issued March 27th, there will be no more sales on open account, and all books ordered from the state librarian must be accompanied by cash. Owing to the fact that the library has been twice moved during the present year, the arrangement of books has been interfered with, but now that permanent quarters are secured, this can be righted.

According to the report of the State Inspector and Examiner, Taylor, the oil inspector of the state has not only done a good business, but has netted the state a neat sum. State Oil Inspector T. D. Kelly, has collected \$26,213.41. The cost of the department, including the salary of all deputies has been \$7,798.93 and the balance \$17,414.48 has been turned into the state treasury.

The session of the second annual convention of the Charities and Corrections held at Shawnee on the 29th and 30th of last month was in every way a success. The attendance was even more than was hoped for, and on the last evening of the session more than three hundred people were turned away from the opera house because all of the room had been taken. The work of Miss Kate Barnard, Commissioner of Charities and Corrections, was endorsed and arrangements made to hold the next meeting at Muskogee.

The proposition of State Bank Commissioner, A. M. Young, made to the National Bank Examiner to examine the National Banks holding state bank reserves by the state and national bank examiners at the same time appears to have met the approval of the national banking authorities. The National Bank Examiner has signified his willingness to conduct joint examinations.

It will not be so very difficult for this nation to sit around until 1915 waiting for the completion of the Panama canal.

If Prince George of Servia is really guilty of murder, why should he be permitted to take his punishment in travel?

The viceroy of India escapes death at the hands of anarchists by the warning of an anonymous letter. One of the few instances on record where such things are of any earthly good.

Two monkeys in Washington are to be educated as highly as possible by appointed tutors and then killed in order that their brains may be examined "in the interests of science." It will look like murder.

Russian women are holding a congress in St. Petersburg, inviting foreign women, among whom is an American, to be among their speakers. Is this destined to go down in history as the woman's century?

What a woman can do with her hat-pin in the way of offensive and defensive attack is matter of contemporary history. Now comes a story of a woman who subdued a burglar with her rolling-pin. Yet people will talk of the defenseless sex.

About these times reports of new discoveries of cheap and abundant material from which radium can be extracted are nearly as abundant as those reports of a few years ago of the full and successful development of Edison's cheap and efficient storage battery.

The new woman in China instead of following the example of her English and American sisters in railing against the tyranny of men has revolted against her relations-in-law. One of the women's clubs in Shanghai proclaims as its object "Rebellion against mothers-in-law."

Judge Ellison of Maryville, Mo., threatens attractive divorcees with perjury proceedings if they do not tell him the truth about their matrimonial intentions. Preposterous. A pretty widow can't tell what minute she is going to fall in love, whether she will fall out again or how No. 2 might suit. The judge is off his beat.

The committee of the reorganization of the British house of lords proposes to abolish hereditary as a qualification. Our own system of choosing lawmakers by the vote of the people may have its defects, but the worst of all pulls is the pull which is born with one and which no amount of exposure, incapacity or corruption can weaken.

The announcement that the New York, New Haven & Hartford railroad will spend \$20,000,000 to electrify its lines in and about New York means another victory for electricity over steam. In urban traffic this means progress and a desire to remove all objections that can be made against smoke from locomotives in city limits. The cost is great, but the results attained are greatly to be desired.

Says the eloquent Baptist preacher, Dr. O. P. Gifford: Catholic Ireland and Protestant England live on separated islands. In Boston, Irishman jostled Englishman, and Catholic crowded Protestant. Contact destroyed prejudice. Each saw that the other was human, and seeking the divine. The open palm has taken the place of the clenched fist, both are citizens of a common republic. Ignorance is the parent of prejudice, knowledge of the truth frees.

The German parliament has now taken up seriously the question of ministerial responsibility to the country. This is putting it mildly, but it means that the remnant of "divine right" of rulers is to go. It has become patent to the intelligence of the twentieth century that any pretension to divine right must be accompanied by superhuman prudence and virtue. This accompaniment, up to date, has not been filed with the claim.

Uncle Sam's \$14,000,000 will not have been spent in vain if the next federal census settles the old dispute between the school census enumerators and the city directory as to the size of Chicago's population.

Iconoclasts who are telling us that Cleopatra was not beautiful, that Horace's odes were written to boom the wine business, and that Paul Revere did not ride, are plainly determined to leave us nothing to believe in except the disinterested philanthropy of the Standard Oil magnates.

This Question is Important in Painting a House or Other Building.

A proper color scheme is extremely important in painting a house. It makes all the difference between a really attractive home and one at which you wouldn't take a second glance. And it makes a big difference in the price the property will bring on the market.

As to the exterior, a good deal depends upon the size and architecture of the house, and upon its surroundings. For a good interior effect you must consider the size of the rooms, the light, etc.

You can avoid disappointment by studying the books of color schemes for both exterior and interior painting, which can be had free by writing National Lead Company, 1902 Trinity Building, New York, and asking for Houseowner's Painting Outfit No. 49. The outfit also includes specifications, and a simple instrument for testing the purity of paint materials. Pure White Lead which will stand the test in this outfit will stand the weather test. National Lead Company's famous Dutch Boy Painter trademark on the keg is a guarantee of that kind of white lead.

"Then, pa, why isn't a man from Holland called a Hole?"

LEWIS' "SINGLE BINDER."

A hand-made cigar fresh from the table, wrapped in foil, thus keeping fresh until smoked. A fresh cigar made of good tobacco is the ideal smoke. The old, well cured tobaccos used are so rich in quality that many who formerly smoked 10c cigars now smoke Lewis' Single Binder Straight 5c. Lewis' Single Binder costs the dealer some more than other 5c cigars, but the higher price enables this factory to use extra quality tobacco. There are many imitations; don't be fooled. There is no substitute! Tell the dealer you want a Lewis "Single Binder."

Awake to Danger of Tuberculosis.
The number of state and local anti-tuberculosis societies in the United States has shown over 100 per cent. increase during the past year; the number of sanatoria and hospitals for tuberculosis, nearly 30 per cent. increase; and the number of special tuberculosis dispensaries and clinics, over 40 per cent. increase. The rate of increase in the number of workers is estimated at over 200 per cent., and the amounts given for tuberculosis relief have been doubled during the year. Thirty-three legislatures, out of 39 in session up to May 1, 1909, have been considering laws pertaining to the prevention or treatment of tuberculosis. In a large number of states legislation affecting this subject has already been enacted, and more laws will be passed before the close of the spring session.

Putting It Gently.
The sages of the general store were discussing the veracity of old St. Perkins when Uncle Bill Abbott ambled in.
"What do you think about it, Uncle Bill?" they asked him. "Would you call St. Perkins a liar?"
"Wall," answered Uncle Bill, slowly, as he thoughtfully studied the ceiling, "I don't know as I go so far as to call him a liar exactly, but I do know this much: When feedin' times comes, in order to get any response from his hogs, he has to get somebody else to call 'em for him."—Everybody's Magazine.

FOOD FACTS
What an M. D. Learned.

A prominent Georgia physician went through a food experience which he makes public:
"It was my own experience that first led me to advocate Grape-Nuts food and I also know, from having prescribed it to convalescents and other weak patients, that the food is a wonderful builder and restorer of nerve and brain tissue, as well as muscle. It improves the digestion and sick patients always gain just as I did in strength and weight very rapidly."
"I was in such a low state that I had to give up my work entirely, and went to the mountains of this state, but two months there did not improve me; in fact I was not quite as well as when I left home."
"My food did not sustain me and it became plain that I must change. Then I began to use Grape-Nuts food and in two weeks I could walk a mile without fatigue, and in five weeks returned to my home and practice, taking up hard work again. Since that time I have felt as well and strong as I ever did in my life."
"As a physician who seeks to help all sufferers, I consider it a duty to make these facts public."
Trial 10 days on Grape-Nuts, when the regular food does not seem to sustain the body, will work miracles.
"There's a Reason."

Woman's Beauty

Some women retain their beauty to an advanced age. But women, who regularly endure pain, age rapidly, for suffering leaves its lasting marks on them.

Nearly all women suffer more or less with some form of female trouble. It should not be neglected. Avoid the pain—treat yourself at home by taking Cardui, as thousands of other women have done. Begin at once and give Cardui a fair trial.

TAKE CARDUI

Take Hall's Family Pills for constipation.

One of Fashion's Follies.
A lady came on an odd-looking bag the other day in one of the fashionable London shops. It was in expensive leather, and seemed too large for an ordinary hand-bag; also it had a curious opening cut at one side towards the top. "Ladies use it for carrying their little dogs," the salesman explained.

Defined.
"Paw, what is a 'tropical imagination'?"
"Mostly hot air, Tommy."
Chases thirst! Brightens eyes! Sweetens breath! Helps digestion! WRIGLEY'S SPEARMINT.

320 Acres of Wheat Land IN WESTERN CANADA WILL MAKE YOU RICH

FARMS IN WESTERN CANADA FREE

Fifty bushels per acre have been grown. General average greater than in any other part of the continent. Under new regulations it is possible to secure a homestead of 160 acres free, and additional 160 acres at \$3 per acre.

"The development of the country has made marvelous strides. It is a revelation, a record of conquest by settlement that is remarkable."—Extract from correspondence of a National Editor, who visited Canada in August last.

The grain crop of 1908 will net many farmers \$20.00 to \$25.00 per acre. Grain-raising, mixed farming and dairying are the principal industries. Climate is excellent; social conditions the best; railway advantages unequalled; schools, churches and markets close at hand. Land may also be purchased from railway and land companies.

For "Last Best West" pamphlets, maps and information as to how to secure lowest railway rates, apply to Superintendent of Immigration, Ottawa, Canada, or the authorized Canadian Government Agent.

Paxtine TOILET ANTISEPTIC

—NOTHING LIKE IT FOR—

THE TEETH Paxtine excels any dentifrice in cleaning, whitening and removing tartar from the teeth, besides destroying all germs of decay and disease which ordinary tooth preparations cannot do.

THE MOUTH Paxtine used as a mouth-wash disinfects the mouth and throat, purifies the breath, and kills the germs which collect in the mouth, causing sore throat, bad teeth, bad breath, grippe, and much sickness.

THE EYES when inflamed, tired, sore, relieved and strengthened by Paxtine.

CATARRH Paxtine will destroy the germs that cause catarrh, heal the inflammation and stop the discharge. It is a sure remedy for uterine catarrh.

Paxtine is a harmless yet powerful germicide, disinfectant and deodorizer. Used in bathing it destroys odors and leaves the body antiseptically clean.
